

January 21, 2010

Dear Educators:

It is time to sign up for the Wyandotte County Conservation District's Annual Water Rally to be held Friday April 16th from 10:00 a.m. to 2:00 p.m. at Camp Naish. It will be a day full of *outdoor* learning experiences with hands on activities. We will provide a back pack for students who attend the Water Rally. Bring your sack lunches, which can then be put in each students' backpack (so everyone knows where their lunch is). Picnic areas will be marked and located near restrooms and trash cans.

We will offer a mini-passport this year with questions the students can answer after each presentation to help reinforce the information they hear. We also have a number of kits available for check out as pre-Water Rally activities and lessons. These let students be better prepared to actively participate and amaze the presenters during the festival.

As always the weather can be unpredictable during the spring but the Water Rally is a rain or shine event, come prepared. 2008's 30 degree drop surprised many in shorts and short sleeves. It is a good idea to keep the seven day forecast in mind.

To reserve your spot or if you have questions please call our office at 334-6329. If you are unable to attend please inquire about our other educational opportunities which we can bring to you.

Thank you for all you do in the classroom.

Cheri Miller
